Item 2. Educational Background and Business Experience

Christopher Price
b. 1987

Education:

School	Year	Degree
Susquehanna University	2010	Finance and Entrepreneurship

Business Background (for preceding five years):

This individual is a registered representative of MML Investors Services and an insurance agent or broker of Massachusetts Mutual Life Insurance Company.

Designations:

CFP®

The CERTIFIED FINANCIAL PLANNER™ designation is conferred by the Certified Financial Planner Board of Standards, Inc. Candidates must have a bachelor's degree (or higher) from an accredited college or university and either complete additional coursework addressing all major financial planning topics, or hold one of the following academic degrees, licenses or credentials: CPA, ChFC®, CLU®, CFA®, PhD in business or economics, Doctor of Business Administration, or an attorney's license. Candidates also must have at least three years of full-time personal financial planning experience and successfully complete the CFP® Certification Examination. CFP® professionals are subject to the CFP Board's ethical standards.

ChFC®

The Chartered Financial Consultant® (ChFC®) designation is offered by The American College. A candidate must successfully complete all courses in the program, meet experience requirements and ethics standards, and agree to comply with The American College Code of Ethics and Procedures. Three years of full-time business experience is required and must be within the five years preceding the date of the award. Current applicants are required to successfully pass nine courses on key financial planning disciplines.

C(k)P®

The Certified 401(k) Professional (C(k)P) designation is offered by The Retirement Advisor University at UCLA Anderson School of Management Executive Education. The education course work includes classroom, online,

and live online instructor led courses, as well as periodic assessments, an exam and a case study. The conduct and ethics codes embrace the core values of integrity, diligence, fairness, and objectivity.

CPFA

The Certified Plan Fiduciary Advisor designation is offered by the National Association of Plan Advisors. To obtain the designation, you must successfully pass the NAPA CPFA examination which is a closed-book, proctored exam. Continuing Education is 10 hours each year.

RICP®

The Retirement Income Certified Professional® (RICP®) designation is offered by The American College. A Candidate must have three years of full time business experience. The three year period must be within the five years preceding the date of the award. An undergraduate or graduate degree from an accredited educational institute qualifies as one year of business experience. Part time qualifying business experience is credited toward the three year requirement on an hourly basis, with two thousand hours representing the equivalent of one year full time experience. A Candidate must complete three required courses and meet experience requirements and ethics standards and agree to comply with The American College Code of Ethics and Procedures. A Candidate must also pass a two hour final exam for each course, closed book and proctored. There is a Continuing Education requirement of fifteen hours every two years through The American College's PACE recertification program.

Item 3. Disciplinary Information

Christopher Price has no disciplinary history to disclose.

Item 4. Other Business Activities

Christopher Price (who may be referred to in this brochure supplement as "IA Representative") also acts as a registered representative of MML Investors Services in its capacity as a broker-dealer and as an insurance agent or broker of Massachusetts Mutual Life Insurance Company and/or other affiliated or unaffiliated insurance companies.

As a registered representative or insurance agent or broker, IA Representative receives compensation for the sale of securities and insurance products in the form of up-front and/or ongoing commissions, bonuses or other compensation. A portion of this compensation may include distribution or service ("trail") fees (called "12b-1 fees") that are paid on the sale of mutual funds. Such securities and/or insurance sales may also qualify the IA Representative to receive various forms of non-cash compensation, including awards, trips and other fringe benefits (such as health and retirement benefits). IA Representative takes the client's needs into account when

recommending the purchase of specific securities or insurance products. However, IA Representative's receipt of compensation based on the sale of those securities and insurance products creates a conflict of interest because the receipt of that compensation gives IA Representative an incentive to recommend those securities and insurance products based on the compensation received, rather than exclusively on the client's needs.

Some of the securities or insurance sales engaged in by IA Representative may result from implementing a financial plan or consulting service. In such instances, the IA Representative typically receives separate compensation for: (i) providing the financial plan or consulting service through MML Investors Services; and (ii) selling securities or insurance products as a registered representative of MML Investors Services (in its capacity as a broker-dealer) or as an insurance agent or broker in order to implement the financial plan or consulting service. Accordingly, when providing a financial plan or consulting service, IA Representative has a financial incentive for the client to implement the financial plan or consulting service by purchasing securities and insurance products through IA Representative, since such transactions will result in the IA Representative receiving additional compensation. This conflict of interest is addressed by MML Investors Services through disclosure to the client. In addition, clients are reminded that they may implement a financial plan or consulting service through MML Investors Services or any unaffiliated financial institution of their choice. In its broker-dealer capacity, MML Investors Services reviews the recommendation of a security product by IA Representative to determine that it is suitable for the client. In this respect, to the extent that a security or insurance product is not sold through MML Investors Services, then MML Investors Services will not be involved in reviewing the sale and will not be conducting a suitability review.

Christopher Price is actively engaged in the following other investment-related business activities:

- ERISA Fidelity Bonds
- Incorporated business set up for payroll and tax purposes
- Mortgage Loan Originator
- Non-profit educational workshops

These outside business activities engaged in by IA Representative are separate and apart from the services provided by MML Investors Services. MML Investors Services has no involvement with the other business activities. These services may provide a substantial source of income and may require a substantial amount of IA Representative's time. IA Representative receives compensation (which may include upfront and/or on-going commissions, bonuses and other compensation) for providing these services. Compensation may also include non-cash compensation such as Business Entertainment, Trips, Awards and/or Fringe Benefits. Compensation may also include payments such as dividends or profits if IA Representative has an ownership interest in the other business activity. This gives IA Representative an incentive to recommend products and services based on the compensation received, rather than solely on the client's needs.

To the extent that a product or service offer through the other business activity is recommended through a MML Investors Services' financial plan or consulting services, IA Representative typically receives separate compensation for (i) providing the financial plan or consulting service through MML Investors Services and (ii) selling products or services through the other business activity in order to implement the financial plan or consulting service. Accordingly, when providing a financial plan or consulting service, IA Representative has a financial incentive for the client to implement the financial plan or consulting service by purchasing these other products or services through IA Representative, since such transactions will result in the IA Representative receiving additional compensation. This conflict of interest is addressed by MML Investors Services through disclosure to the client. In addition, clients may implement a financial plan or consulting service through MML Investors Services or any unaffiliated financial institution of their choice.

If you would like additional information on these other business activities, please contact IA Representative.

Item 5. Additional Compensation

IA Representative receives a portion of the compensation paid to MML Investors Services. MML Investors Services utilizes compensation schedules to calculate the compensation paid. The compensation paid will count towards IA Representative qualifying for awards and trips offered by MML Investors Services, and in certain cases, awards, trips and other fringe benefits (such as health and retirement benefits) offered by Massachusetts Mutual Life Insurance Company. MML Investors Services also has an incentive program where IA Representative will receive an additional percentage of the compensation paid to MML Investors Services if the total assets of his or her clients in certain programs, as detailed in MML Investors Services' brochure, reach certain thresholds.

IA Representative may receive business entertainment from third parties, such as money managers, including occasional meals or occasionally attending sporting events or comparable entertainment as long as the business entertainment is neither so frequent nor so extensive as to raise any question of propriety or undue influence. In addition, third parties may pay expenses associated with IA Representative's travel expenses for educational, due diligence or similar business meetings.

Item 6. Supervision

Advisory services provided by IA Representative are supervised by an MML Investors Services General Agent or an agency supervisory officer. Advisory services may also be reviewed by MML Investors Services home office representatives. MML Investors Services has developed policies and procedures detailing the supervisory obligations of these individuals. Supervisors have access to a variety of documents, tools and/or exception reports, depending on the service provided, to assist in their review and monitoring of advisory activities.

Jeremy Straub and Harris S. Fishman, General Agents (or Agency Supervisory Officers), are primarily responsible for supervising the IA Representative's advisory activities and can be contacted at 954-331-5100 and 954-938-8800.
